Attention: Trish Mathieson

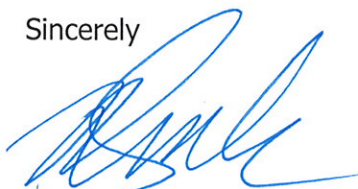

Dear Trish,

Please accept this letter as a testimonial to the excellent products and service you have provided us with over the years. At Pioneer, when furniture issues come up, whether it's a chair, cabinet or whole office suite that is needed we have complete confidence that you will be able to help us out with the right design and fit for our space.

Last year, one of our branch offices in Northern B.C. relocated and needed a major furniture upgrade, so we called upon your expertise. When everything was said and done, our office manager up there called to applaud your efforts; he was extremely pleased with the look and functionality of the furniture, not to mention highly impressed by the efficiency and professionalism of you and your team. Your proven commitment to customer service is greatly appreciated!

With your knowledge and exceptional service, not to mention your personal attention to your clients, I would highly recommend Choice Office Furniture to anyone. We appreciate your help, and look forward to a continued relationship as our business needs grow.

Sincerely

Hilary Smashnuk
