

Lockers &
Noki - Multi-user

artopex®

The Locker collection brings originality and style to the traditional locker while being true to its purpose. Artopex Lockers provide storage for many spaces in the workplace – group them along a wall or at the end of benching tables, and even create a collaboration island. Open or with doors, in a variety of sizes, colors and configurations make every combination unique.

Lockers with the Noki lock provide flexible and secure space for storing personal belongings. The electronic lock can be programmed with any 6-digit access code that automatically resets after each use. The Noki lock is an innovative, efficient and easy-to-manage solution for multiuser storage spaces.
