When Flexibility Meets Beauty

Welcome to the heart of a collection that pushes the limits and follows trends.

From the small 4-legged table to the large executive desk, including multi-level stations, shared surfaces and numerous storage units, the new generation of Take Off adapts to your needs and spaces.

It allows you to create and dream by offering you furniture with unparalleled modularity and impeccable esthetics.

Take Off offers a wide range of products, all of which have something in common: a modern look and a high quality finish.

Comfortable, at Home and at Work

Give your team members the comfort and atmosphere of home!

Take Off sometimes takes inspiration from residential design trends to create warm and dynamic areas.

Combined with our variety of lounge furniture, the collection will transport you to the wonderful world of the «resimercial»!

Limitless...

The modularity of Take Off and its wide variety of products will meet your needs, whatever they may be!

Multiple stations, grandiose spaces, minimalist offices... The collection leaves room for your imagination and helps you realize your most beautiful ideas.

Once again, Take Off pushes the limits so that you have none.

Details Are Everything

Take Off stands out for the high quality of its details, which are thought and created to offer you a beautiful piece of furniture from every angle.

First Class Comfort

Take Off offers you new ways to optimize the comfort of your office, without compromising the flexibility of the furniture.

Different Levels of Privacy

Take Off is in sync with the growing demand of unassigned furniture and allows you to optimize your spaces without compromising the well-being of your employees on the move!

The furniture blends perfectly with other Artopex collections, allowing you to create spaces with varying degrees of privacy.

Richness in Finishes

The arrival of the new generation of Take Off perfectly highlights our new rich offering of colors and finishes.

Have fun creating color and texture combinations that reflect your company's personality to perfection.

Accessories and More

Arrive, work, move, leave! Working in hybrid mode has never been easier than with Take Off.

The collection comes together with practical and beautiful tools. Discover Artopex toolboxes, wireless chargers and mobile storage units!

Perfect Collaboration

Take Off benching tables have been designed to maximize the use of open spaces and encourage collaboration without compromising the privacy of users.

They offer a choice of configurations, including smart power management, flexible storage options and practical work tools.

Bring back the distinguished Take Off look with Take Off benching tables, now optimized for shared work surfaces.

Space Optimization

Whether you want to accommodate your employees in in-person, hybrid, assigned or unassigned mode, Take Off benching tables optimize the use of your space while encouraging collaboration within your team.

Embracing Change

Take Off benching tables can vary from a simple two-person work configuration to a shared area for eight users.

They evolve with your business by adapting to your team's size, needs and work habits.

Walls

The new walls make Take Off a sharp and adaptable collection.

Available in 3 different heights (17 in., 28 in. and 40 in.), the Take Off wall can be used as a mobile storage unit, a plant wall, a space divider and a collaborative station.

It will quickly become a must-have in your spaces!
