# Lavo

## California born and bred

We’re a leading manufacturer of commercial solutions in the U.S. — and #1 in task chairs. From tables and lounge to screens and more, we’ve been the go-to destination for comprehensive, build-to-order solutions for over 25 years. We combine award-winning design with the fastest lead times around, and our design and planning services can turn product innovation into your space inspiration. We’re able to build almost any specification you want, deliver it when you need it, and offer a level of value no one can match. It’s all part of our indie California spirit and drive to be the one place you go for all of your spaces.

# Mesh with design

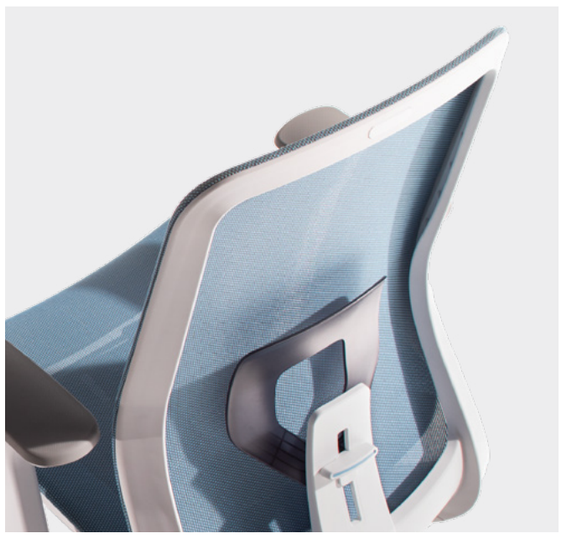
Breeze through your day on our lightweight Lavo and its twist on the all-mesh makeup. With an eye for elevating the working experience using core ergonomics, it offers all-day comfort in a sophisticated design — including the features and options to fit the modern office.

## Advanced ergonomics. Enhanced comfort.

The ultra-breathable (almost transparent) mesh sits atop an innovative floating synchro mechanism for a feeling of responsive support. Quick-access controls feature four locking positions, extending the total recline to 18 degrees. And with its contoured silhouette plus adjustable lumbar support, Lavo delivers a true comfort-centric solution for any space.

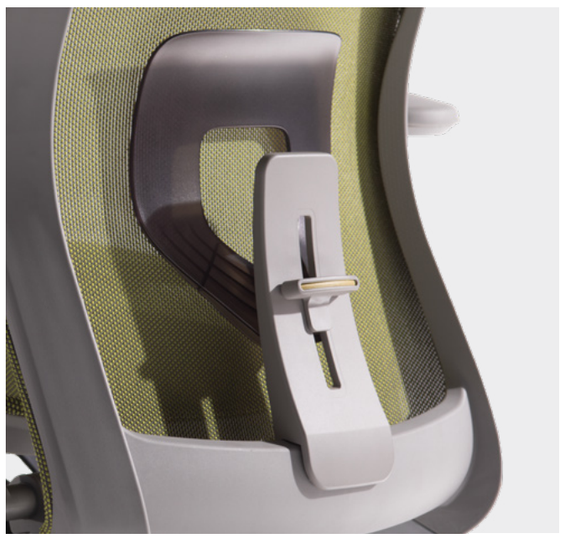
A waterfall-edge seat, adjustable lumbar support and flexing upper frame amplify the comfort of the all-mesh design.

Floating mechanism + mesh seat



FlexBack frame

Frameless waterfall edge



Adjustable lumbar support

## Drift through your day

From floating ideas to shooting the breeze, the ergonomic support and comfort features of Lavo keep you focused and feeling good. Combined with extensive custom color options — frame, base, accents and mesh — it's a sophisticated, lightweight look that elevates any working and meeting space.
